

## **South Downs Land Managers Privacy Policy**

The South Downs Land Managers is an independent group of farmers, foresters and landowners who operate within the South Downs National Park area. It acts as the voice of the farming community, providing liaison with and feedback to the South Downs National Park Authority. Administration of the group is carried out by our Liaison Officer, Alison Tingley.

SDLM holds Members' contact details which were provided when a membership form for the South Downs Land Managers Group was completed. At the AGM in 2016 it was agreed that all NFU and CLA members that farm within the South Downs National Park would automatically be eligible for membership of SDLM. Email contact details are also held for both CLA and NFU members in the Park.

Communications are kept to a minimum, but include:

- Two newsletters per year
- Invitations to relevant events
- Information relating to grants or other information that we feel may be of interest to farmers and landowners within the South Downs National Park.

Members' data is held securely and is only accessible to the Liaison Officer for the above purposes. This information is not shared with other organisations.

Members have a right to:

- Ask to see their information, have it corrected or deleted
- Request to receive communication via other means
- Request not to receive further communications.

If you no longer want to receive communications email [sdlm@southdownsland.com](mailto:sdlm@southdownsland.com)
